

OUR PROJECTS

Terrestrial Ecology & Avifauna Surveys

Project: Al Areen Golf Course and Development (2025)

Location: Bahrain

Client: Al Areen Holding

Scope:

- Terrestrial ecological survey and assessment.
- Stakeholder engagement.
- Environmental and Social Impact Assessment (ESIA).
- Environmental Management Plan (EMP).

Project: Environmental Baseline Studies for 5 new cities - Hawar Islands (2023)

Location: Bahrain

Client: Urban Planning and Development Authority (UPDA)

Scope:

- Baseline studies: satellite habitat mapping, sensitivity analysis and mapping, and exclusion mapping.
- Avifauna assessment.
- Terrestrial ecology survey.

Project: Aluminium Bahrain Biodiversity Action Plan (BAP) Phase 1 & 2 (2022)

Location: Bahrain

Client: Aluminium Bahrain (Alba)

Scope:

- Biodiversity Action Plan.
- Marine and terrestrial biodiversity study.
- Flora and fauna management and protection plan.

Project: Red Sea Project - Utility Assets and Infrastructure PPP Terrestrial Environmental Baseline (2021)

Location: Kingdom of Saudi Arabia (KSA)

Client: 5 Capitals

Scope:

- Environmental Baseline Survey.
- Identification of terrestrial ecological constraints and opportunities for enhancement.
- Mitigation measures.

Project: Bapco Modernization Program Ma'ameer Channel Ornithological Disturbance Survey (2020)

Location: Bahrain

Client: TTSJV/ Bahrain Petroleum Company (Bapco)

Scope:

- Baseline ornithological survey.

Project: Bapco Modernization Program Biodiversity Action Plan (2019)

Location: Bahrain

Client: Bahrain Petroleum Company (Bapco)

Scope:

- Environmental and Social Impact Assessment (ESIA).
- Critical Habitat Assessment.
- Biodiversity Action Plan and Strategy.

Project: Bapco Modernization Program Ecosystem Services Assessment (ESA) (2019)

Location: Bahrain

Client: TTSJV/ Bahrain Petroleum Company (Bapco)

Scope:

- Ecosystem study.
- Mitigation measures.
- Compensation plans.

Project: Bapco Modernization Program Determination of Critical Habitat (2018)

Location: Bahrain

Client: Bahrain Petroleum Company (Bapco)

Scope:

- Secondary data collection and analysis.
- Stakeholder engagement.
- Primary surveys conducted as part of an Environmental Social Impact Assessment (ESIA).
